

What is the current state of digital methods for Internet research in Brazil?

Digital Methods
Global South Network

Fostering dialogue and connection

Digital Methods in Brazil

Programme

PART 1

Opening 14:00 - 14:15.

Welcome & What digital methods are we talking about?

Janna Joceli Omena, King's College London (in person)

15m Interventions 14:15 - 14:30.

Mapping research groups and labs developing digital methods across five Brazilian Regions: North, Northeast, Central-West, Southeast, South.

Alan Angeluci (in person), Universidade de São Paulo (USP), São Paulo, Brazil.

14:30 - 14:45.

Digital Methods and Schools of (Digital) Media and Communication Studies: Convergences and Possibilities in Brazil.

Elias Bitencourt (online), Universidade Estadua<mark>l da</mark> Ba<mark>hia</mark> (UNEB), Bahia, Brazil

14:45 - 15:00.

A brief history of software development for digital methods research in Brazil.

Giulia Tucci (online), Universidade Federal do Rio de Janeiro (UFRJ), Rio de Janeiro, Brazil

PART 2

15:15 - 15:30.

Critical commentary and insights.

Richard Rogers (in person), University of Amsterdam.

15:30 - 15:40.

Q&A Panellists

📣 You can join the Miroboard to ask questions 🙋 🙋 🙋

15:40 - 16:15.

Collective Discussion.

Thais Lobo, Janna Joceli Omena (in person)

15:00 - 15:15. Tea break

Mapeando Métodos Digitais no Brasil

Nosso objetivo é **celebrar práticas de pesquisa emergentes** e lançar uma **rede do Sul Global**, situando essas práticas em um momento metodológico de transição, no qual

métodos e metodologias digitais têm sido construídos com, em e sobre IA, plataformas

web e visualização de dados.

Este mapeamento faz parte do evento <u>Métodos Digitais no Brasil - Promovendo Diálogo e</u>
<u>Conexão</u> que **promove o diálogo** sobre o estado atual dos métodos digitais para pesquisa na Internet no Brasil **103** <u>Confirme sua participação presencial ou online aqui</u>.

Obrigada por contribuir e por iniciar esta rede colaborativa!

Janna Joceli Omena ∷+ A ♥
.....english version.....

Our goal is to celebrate emerging research practices and launch a Global South network, situating these practices in a transitional methodological moment where digital methods and methodologies are being built with, in, and about AI, web platforms, and data visualization.

The form results will be made available at https://bit.ly/Metodos-Digitais-Brasil and will be continuously updated https://www.html.com/html/. However, to ensure privacy, all emails provided during form submission will be removed.

Thank you for contributing and for helping initiate this collaborative network!
